Module MIP-O05 „Pharmaceutical Biotechnology“ Winter Term 2023-2024

General introduction to, and information about, the module MIP-O05:

Tuesday, 10.10.2023 12:30 - 13:15 h Building 26.32 Room U1.21

The practical course will be limited to 12 participants due to restricted BSL2 laboratory space. In case there will be more than 12 people interested in taking this module, there will be a lottery to assign seats on **Friday, 13.10.2023**. Details on how to register for the lottery will be given during this introduction.

The accompanying **lecture** will take place as follows:

Tuesdays: 12:30 - 13:15 h Building 26.32 Room U1.21

Start of lectures: **Tuesday, 17.10.2023**

Screencasts of the lectures (Power-Point presentations commented with audio files) will also be made available as online material in ILIAS for individual post-processing for those unable to attend in presence.

The **practical course** will take place in the lecture-free time from **05.02.2024 – 16.02.2024** (09:00 – ca. 15:30 h daily).

The **seminar** will be integrated into the practical course.

Düsseldorf, 27.09.2023
Prof. Dr. Rainer Kalscheuer
